

### Standard Platforms

A Standard Platform licence supports use on a single Host Operating System with any one of the available Host Compilers listed below.

Host Operating System	Host Compiler
Windows (95/98/ME/NT2000/XP)	GreenHills AdaMULTI (3.5) Aonix Object Ada (7.2) Ada Core GNAT-Pro GNAT (3.15, 3.16)
Solaris (2.x)	GreenHills AdaMULTI (3.1) Aonix Object Ada (6.2.1) Rational Apex Ada (4.2.06) Ada Core GNAT-Pro GNAT (3.15, 3.16)
Linux (Kernel 2.2/2.4 distributions)	Ada Core GNAT-Pro GNAT (3.15, 3.16)

All versions not listed above are defined as Non-Standard platforms.

### Non-Standard Platforms

A Non-Standard Platform licence supports use on a single Host Operating System with any one of the available Compilers listed below for host or cross-compilation.

**AdaTEST 95** can be ported to almost any Ada 95 compiler environment on request. AdaTEST is also available for older Ada 83 compilers. If you require support for a platform not listed below, please contact your supplier.

Host Operating Systems	Compilers
Windows	GNAT-Pro and GNAT
Solaris	XGC
Linux	GreenHills AdaMULTI
AIX	Aonix Object Ada
SGI IRIX	Aonix Object Ada Real Time
Compaq Tru64 Unix	Aonix Object Ada Raven
HP-UX	OCS Power Ada ICC TLD DDC-I SCORE Rational Apex Ada
